

Bottled with love, for the joy of living.

Syrah, 2013

Our Mission

To create an avenue for our artistic expression that one can drink and enjoy, and to promote artisan handcrafted winemaking.

From our family to your family.

Through Muscardini Cellars, the Muscardini family shares their zest for life and profound appreciation for the fruit of the vine with the Muscardini Cellars artisan wines. The mission of Muscardini Cellars is to culminate the knowledge, tradition and respect of more than a century of family experience in the industry with wines that artfully capture flavor and spirit.

Location

Muscardini Cellars graces Sonoma Valley's (Valley of the Moon) Monte Terra with its estate grape vines, family home and barrel room. You are welcome to visit us in our Kenwood tasting room. Sonoma County is world renowned for its microclimates and weather conditions ideal for winemaking.

Minty, this restrained Syrah is from a sought-after vineyard, a pioneer in Sonoma County Rhône-style wines. Here, the producer keeps things interesting in swathes of white pepper, mint and cranberry, as well as a strong sense of leather throughout. High in acidity, it needs time to come together; try after 2020.
