

About

Single vineyard wines crafted by the alchemy of ocean, fog, soil and patience.

At Knez Winery, we believe that the deeper and more extensive our knowledge, the better our wine will be. We start with an Anderson Valley location that is epic in its richness—with maritime influences, complex soil, a near perfect amount of sun exposure and heritage clones like Martini, Pommard, David Bruce, Wädenswil and Wentz. To this, we add the beauty of science—detailed analytics and painstaking research that help us make the most of our land's bounty. We consider ourselves stewards of the land and our farming practices are sustainable and progressive. In our winemaking, we are hands-on in the vineyard and hands-off in the barrel room. Through careful stewardship of our land and attention to detail in every phase of winemaking, we are producing Chardonnay and Pinot Noir every bit as complex, expressive and ageworthy as our compatriots in Burgundy, France.
