

DIEGO RED BLEND

2006. LOMPOC, CA
75% CABERNET,
25% CAB FRANC

WINEMAKING NOTES:

This is a Bordeaux style blend consisting of 75% Cabernet Sauvignon and 25% Cabernet Franc. The grapes come from an 18 year old, high elevation (3800 feet above sea level) vineyard. This wine had considerable bottle aging over 9 years.

WINE CHEMISTRIES:

Total Acidity:	.65g/100 ml
RS:	Dry

TASTING NOTES:

This medium bodied barrel aged blend gives aromas and flavors of dark fruits and currants with a toasty oak note in the background. Imagine you're wading through a cranberry bog surrounded by an oak forest while drinking a cherry/raspberry/blueberry smoothie. Try this with pizza, pastas, and burgers.

ABOUT THE WINERY:

Presidio Vineyard & Winery's focus is on our high-density, low-yield per vine vineyard planted low to the ground to maximize the refraction of heat from the soil at the winery's estate vineyard west of the Santa Rita Hills near Lompoc. The Presidio Vineyard is certified Organic and Biodynamic, using sustainable farming techniques including composts and cover crops sown between the rows to create a healthy and more balanced soil, accentuating the fruit's desirable aromatics.
