

PIER AVENUE

2014 Pier Avenue Sauvignon Blanc

A unique blend of 90% Sauvignon Blanc and 10% Semillon, this old-world style white consists of fruit sourced from inside the Happy Canyon AVA in the Central Coast of California. The Sauvignon Blanc comes from two famed vineyards, Happy Canyon and MacGinley. The 40% MacGinley fruit was barrel fermented to bring out its richness, while the 60% Happy Canyon fruit was fermented in stainless steel, to preserve the delicate balance of aromas and flavors. The Semillon from Happy Canyon Vineyard was barrel fermented as well, providing roundness and softening the acids of the wine.

The end result is a beautifully crisp white that entices with tantalizing aromas of apricot, melon, and lemon peel. It explodes on the palate with stone fruit, gripping acid, and delicious minerality.

Pier Avenue Sauvignon Blanc is a beautiful wine to serve with shellfish, salads, and light grilled vegetables.

Jeff, Kathy and Gerry hand picked the wines to blend, working closely with winemaking staff at Happy Canyon Vineyards to ensure a top quality wine. The passion of the owners is apparent in the Pier Avenue brand of wines. Made exclusively for Uncorked in Hermosa Beach, we are pleased to share Pier Avenue with you and with our community. Enjoy!
