Château de Mérande Domaine Genoux – Savoie – France
Genoux Frères & Yann Pernuit

Winery: The Château de Mérande is located in Arbin the home of the most distinguished Mondeuse in Savoie, and as such, 7 of their 12 hectares are planted to that varietal. The rest of the estate is dedicated to the production of Chignin (local name for Roussanne) and Roussette de Savoie.

It belongs to André and Daniel Genoux whose family has been rooted in the vineyard for generations. Their ancestors already cultivated the vineyard in Aymes, terroir created by the landslide of Mont Granier in 1248.

In 2008, Yann Pernuit joined André and Daniel Genoux as a new partner. Since Château Mérande is now pursuing biodynamic practices.

Note:

Clays and limestone soil,

Hand harvesting with second sorting at the vineyard,

About 10 days of fermentation of the all grapes and partial destemming. Natural vinification with natural yeast and no sulfites.

Ageing in stainless tank.
