#### **Alchemy Carmenere**

2014 Cachapoal Valley, Chile

A grape transplanted from France in the 1800s, and in the early days of Chile's wine scene was thought to be Merlot. As a result of a series of carefully carried out processes, this Carmènère shows the maximum potential of the vineyards planted in the Valley of Almahue. Lots of ripe fruit with tar and blueberry character. Medium to full body with a juicy finish. **\$25.99/btl**

#### **Pier Avenue Cabernet Sauvignon**

2015 Red Mountain, Washington

The palate on this heady 100% Cabernet is packed to the brim with floral aromas and flavors of blackberry, blueberry, black cherry and plum fruit that intermixes with hints of dark chocolate and a fresh shot of espresso. Incredibly pure and complex, this richly textured wine is totally seamless in all of its parts, allowing for its silky texture to shine through on the palate, with no hard edges with an amazingly long and persistent finish. Although this wine is extremely age-worthy. The polished texture and well managed tannin will allow this wine to provide immediate pleasure in its youth. **\$34.99/btl**
